

# SMART FUNDING, GREAT SCHOOLS

# WELCOME TO CEF!

Thank you for your tremendous support last year in your advocacy, participation and donations. Special thanks to our board members and volunteers for their dedication to further the mission of CEF. Our schools are better because of your commitment to public education.

The 2019-2020 school year was one to remember. Our education system faced challenges that highlighted that the importance of our mission—championing the success of students in the CUSD public schools—is now more important than ever. We are a non-profit with the dual focus of serving our students today and building for the future. We are committed to making our mission a reality.

## Who We Are

Great schools are built on strong foundations. CEF was founded in 2006 with a mission of funding innovative programs that give all Coastside public school students an opportunity to thrive. Since then, we have worked with the community to build an approximate \$3 million endowment that will benefit students today and in the future. Through our endowment and fundraising efforts, we are able to allocate hundreds of thousands of dollars per year to all public schools in the Cabrillo Unified School District.

**Since 2012, CEF has allocated more than \$1 million to CUSD schools serving more than 3,200 students.**

## How the Pieces Fit Together

The Cabrillo Education Foundation provides a valuable piece to the education funding puzzle, and works in tandem with the District, PTOs, and Booster Groups to ensure our students are offered a rich educational experience.

“CUSD is stronger because of our partnership with CEF. We appreciate the hundreds of thousands of dollars CEF brings to CUSD in funding each year to help CUSD provide much needed programs and services to our community of families, students, and staff.”

—Dr. Sean McPhetridge, CUSD Superintendent

# Your Gift in Action

CEF funded \$200,500  
in 2019/2020

- Big Lift literacy program support: Los Listos Preschool, Inspiring Summers and Coastside Children's Program.
- Science Collaboration, Teachers 5th - 12th
- Credentialed 5th Grade Science Specialist
- 6th and 12th Grade AVID
- 10 \$1,000 Innovation Grants to faculty and students
- \$30,500 in Coastside Futures Scholarships to 61 students

“ *The greatest benefit of the science collaboration initiative is the real community it allows us to create. We're now able to share ideas, lesson plans, work samples, instructional practices and labs across school sites. We are transferring a wealth of information that would otherwise be isolated to our individual experiences.*

—Joe Centoni, HMBHS  
Science Department Chair

—Robin Inglis-Arkell,  
Hatch Elementary 4th grade teacher

“ *CEF's support this year was the final push to make a new Digital Art Course a reality! Your support finally got the ball rolling. The Art Department and I personally feel honored to receive your support. Thank you!*

—Nina Andersen, HMBHS Teacher

# Thank You CEF Partners!

In addition to individual donors and businesses, we build strategic alliances with other private and public nonprofits to achieve even greater impact for our initiatives.
